Plant Maintenance Plan

Our award-winning Landscaping Team can custom design an interior greenscape plan that suits your office space and your budget, and offers maintenance services for new and existing plants.

Maintenance service includes watering, cleaning, pruning, and fertilizing. Under ordinary conditions, the maintenance plan provides for the free replacement of any plant that dies, although plants moved from designated locations or which have been subjected to additions to the soil (coffee, water, juice, etc.) are not covered by the plan. Flowering plants are not included in the maintenance plan.

Services are billed on a monthly basis. Pricing is subject to change based on market conditions. A one-month written notification is required to cancel any Landscaping service.

Number of Plants	Price per Plant
10 plants or fewer	\$15
11 - 25 plants	\$12
26 - 45 plants	\$9
46 - 80 plants	\$6
81+ plants	\$4
